VI. BOARD OF EDUCATION LIAISON (3rd Monday Meetings Only)

VII. REPORT OF TOWN ATTORNEY

VIII. TOWN MANAGER

Town Manager Paulhus presented and discussed the following topics:

- **FAA Airport Grant Offer – New Fencing & Gates**

The Aviation Commission identified the perimeter security fence that encloses the airport facility as a priority project over 2 years ago and is included in the Airport CIP. Due to the size of the project and cost and need for an A-2 survey, a decision was made to proceed to phase the project with a partial installation of new fencing and gates along the terminal side of the airport. Our engineering firm AECOM prepared the spec's and ran the procurement/bid process for the Town that resulted in a low bid of \$439,875 from Eagle Fence.

There is an item under New Business regarding the approval of Bid #2023-24, Robertson Airport New Fencing and Gates.

- **Cleaning Service Contract**

The Town of Plainville engages a professional cleaning company to provide cleaning services for the Municipal Center, Public Library, Recreation Building, Police Department, Fire Station, and Water Pollution Control Facility. The current 5-year contract with Magic Gloves Cleaning Service, LLC expired on June 30, 2023. The Buildings and Grounds Department is seeking a renewal of their contract for an additional five years.

Magic Gloves proposed an agreement that would provide the same level of service for \$120,426.36 per year for five years. The agreement stipulates a 1.8% increase beginning on July 1, 2024, and increasing annually by 1.8%. This price is considered fair and competitive given the exceptional services they have provided. Magic Gloves is CT business that is woman-owned and a disadvantaged business enterprise (DBE).

There is an item under New Business regarding the waiver of the competitive procurement process to award the cleaning contract, Bid #2024-08 to Magic Gloves Cleaning Service.

- **Recreation Building Roof Replacement**

The roof over the Recreation Building at 50 Whiting Street is estimated to be over 35 years old. There have been a series of issues with this roof, including small leaks, ponding, raised drains, blistering roof membrane, and deteriorating flashing and coping.

The Building and Grounds Department has requested to engage SR Products/Simon Roofing & Sheet Metal to install the new roof. SR Products/Simon Roofing & Sheet Metal is available through

The Interlocal Purchasing System (“TIPS”) USA purchasing cooperative, of which the Town of Plainville holds membership. SR Products/Simon Roofing & Sheet Metal proposes a new rubber roof membrane. The project is quoted at \$87,720, including labor and materials. This project is included in the FY24 Capital Improvement Plan (CIP) and is budgeted at \$100,000. The quoted project is under this budgeted amount.

There is an item under New Business regarding the approval of Bid #2024-09, Recreation Building Roof.

- **Charter Revision Discussion**

The Commission has completed its work and the next step is to approve the questions for the referendum.

There is an item under New Business regarding the approval of a resolution entitled “Resolution Establishing Referendum on Proposed Revisions to the Town Charter.”

- **Purchasing Ordinance Update**

In December 2022, a section was recently added to Chapter 106 to comply with the Code of Federal Regulations (CFR). Upon further review, Town staff determined a more holistic update was required to enhance clarity, readability, and organization. The additions and amendments proposed are consistent with the Town’s current practices and best practices utilized by municipalities within the State. The most significant amendments clarify existing practices and pertain to purchasing thresholds, the request for proposals process, awarding a bid to other than the lowest bidder, sole source/waiver of the procurement process, and purchase orders.

There is an item under New Business to set a public hearing to hear comments on the proposed amendments to Chapter 106: Purchasing, Articles I and II.

- **CGI Communications Agreement Renewal**

The Economic Development Office was contacted by CGI Communications regarding updating the “Community Video Series” currently published on the Town’s website.

The last contract was signed in 2019, and while normally a three-year agreement, was extended during the pandemic. CGI is now circling back to gauge the Town’s interest in renewing and updating the videos. The current video series covers Education, Economic Development, Quality of Life, Public Safety, Community Events, and Community Organizations. With significant turnover in Town leadership since the last publication, it is an ideal time to reproduce this series. Videos are scripted, taped, edited, and produced by CGI at no cost to the town.

There is an item under New Business regarding the approval of an Agreement with CGI Communications.

- **Trash & Recycling Containers Purchase**

The Town provides curbside trash and recycling collection and disposal services to eligible residential properties. Those properties receive one trash and one recycling container per unit from the Buildings and Grounds Department.

To continue to provide this service, the Buildings and Grounds Department is requesting the purchase of 405, 95-gallon gray containers (for trash) and 144, 95-gallon navy containers (for recycling) from Schaefer Plastics North America, LLC (“Schaefer”) for \$36,638. Schaefer is the sole source provider of this equipment. I recommend the Town Council waive this requirement for bid and consider this a sole source purchase, as allowed for in §106-9 of the General Code.

There is an item under New Business regarding the award of Bid 2024-10: Trash and Recycling

Containers to Schaefer Plastics North America, LLC in the amount of \$36,638.

- **New Hours – Municipal Center, Recreation Department, Youth Services and Senior Center**

The new 4 -day work week will start this week. The revised hours of operation for the Municipal Center, Recreation Department, and Youth Services Department will be as follows: Monday to Wednesday: 8:00 am to 5:00 pm; Thursday: 8:00 am to 6:00 pm; Friday: Closed

The Senior Center, an integral part of our community, will also be participating in this pilot program, offering the following hours: Monday: 8:00 am to 6:00 pm; Tuesday to Thursday: 8:00 am to 5:00 pm. Friday: Closed This is a 6- month pilot program that will be reviewed in February 2024.

- **White Oak Redevelopment Project Update**

The project is moving forward and the next step in the Town's effort to remediate the White Oak property is to properly address the contamination of the existing office and garage buildings. Tighe & Bond and Town Staff drafted a Request for Proposal (RFP) for hazardous building material abatement contractors.

Representatives from eight (8) firms attended the mandatory site walk. Of those, six (6) submitted responses to the RFP by the July 13th due date. Responses ranged from \$625,000 - \$1,640,000. An Opinion of Probable Cost (OPC) submitted to the Town by Tighe & Bond prior to publishing the RFP estimated work to be roughly \$800,000. All work is covered under previously awarded Brownfield grant funding.

Tighe & Bond and the Town Staff reviewed and graded each response and completed reference checks. Scope review calls were scheduled with the three low responders. Following the calls, the Town and Tighe & Bond made a joint proposal to the DECD that we move forward in presenting Enviro Consultants & Recyclers to the Town Council as the preferred contractor.

There is an item under New Business to award RFP 2024-02 HBM Abatement of Former White Oak Property to Enviro Consultants & Recyclers for \$625,000 and authorize Town Manager to enter a contract with said group.

- **Paderewski Park Update**

A site walk was conducted on July 26th to visually inspect the park and area around the pond. There was a general agreement among the members present that the pond is an asset that should be preserved. There was a general discussion on ways in which to promote conservation efforts while allowing recreational activities to continue. I have put together a separate memo to outline my recommendations as you consider your next steps. While the memo has more detail, it covers items like park conditions and possible improvements, upgrades to signage, the boat launch, added conservation efforts, education efforts and promotion of best practices.

- **FFY2022 Homeland Security Grant Program (HSGP)**

The State Homeland Security Grant Program is providing monies to the Capitol Region Council of Governments in the amount of \$480,956.15 for regional collaboration as it relates to Homeland Security. Each of the 38 cities & towns in the Capitol Region must sign off on having CRCOG coordinate this regional effort.

There is a resolution under New Business to authorize the execution of a Memorandum of Agreement that would allow CRCOG to act as our agent with respect to these funds for the region.

- **Farmington Fire Marshal Mutual Aid**

This is a Mutual Aid Agreement between Plainville and the Town of Farmington. The Towns

8/21/23

voluntarily enter into this Fire Marshal Mutual Aid Agreement pursuant to Connecticut General Statutes("CGS") 5 7-310 for the purpose of providing the opportunity to share authorized fire marshal staff and resources among the two towns for emergency responses. Farmington, a larger town with more personnel, has agreed to sharing the Fire Marshal and four Fire Inspectors. These individuals will be sworn in by the Town Clerk.

- **Future Middle School Discussion**

Now that we have had a chance to digest the presentation from Mike Zuba of SLAM, I wanted to update the Council on the next steps forward.

I believe there is consensus that based on the presentation of July 24th the demographics and enrollment projections show that closing the middle school is not an option, which leaves us with

- 1). Renovate as New, or
- 2) Maintenance Plan.

Based on those two options, I think it makes sense to do the following before holding our next meeting: Request updated numbers from CSG for Renovate as New; update numbers from BOE/Town on Maintenance Plan; Review application process and reimbursement rate with the State of CT - Office of School Construction Grants & Review (OSCG&R); review and update bond analysis and debt service schedule with Rob Buden and Bond Consultant. Once the information is obtained, reconvene a joint meeting with BOE to discuss the findings. Bring new Superintendent up to speed on process and set date for public forum.

- **Financial Dashboard**

The Financial Dashboard report has been provided to the Town Council through June 30, 2023, and the first month of the new fiscal year has been posted to the Town website

- **Happenings**

Assistant Town Manager Cirioli reported on programs and activities with Town Departments. More information can be found at www.plainville.com.

Chapter 219. Fires and Fire Prevention

Article IV. Fire Protection and Life Safety Systems Inspection

§ 219-16. Authority of Fire Marshal.

The Town of Plainville Fire Marshal's Office shall provide a system for receiving, reviewing, and maintaining records of inspections, testing and maintenance, including but not necessarily limited to any fire protection and life safety system installed and/or required by the Connecticut State Fire Safety Code and Connecticut Fire Prevention Code with respect to properties within the jurisdictional limits of the Town of Plainville, in accordance with the applicable requirements of such Codes and the Records Retention Schedules of the Office of the Public Records Administrator. The Fire Marshal shall have the authority to mandate the method in which contractors who perform required inspection, testing, and/or maintenance services on fire and life

safety systems submit reports to the Town of Plainville Fire Marshal's Office.

§ 219-17. Utilization of Third-Party Provider.

All contractors who perform inspection, testing, and/or maintenance services on fire protection and life safety systems within the Town of Plainville shall be required to electronically submit all compliant and non-compliant reports to the Town of Plainville Fire Marshal's Office via a method approved by the Fire Marshal. Such a method may be through a system operated by a third-party provider. Any fees charged by a third-party provider shall be the sole responsibility of the contractor and said fees shall be paid directly by the contractor to the third-party provider.
