**II. PUBLIC COMMENTS**

1. **Pequabuck River Watershed Based Plan** – Dr. Eileen Fielding, Farmington Watershed Association, was present to inform the Commission and attendees that this study is being conducted within the watershed for the specific purpose of developing a plan to improve the water quality within the Pequabuck River Watershed from its sources in Burlington and Plymouth to its mouth at the Farmington River in Farmington. The watershed-wide study will review existing conditions and make recommendations that Towns can follow to improve the health of this resource. A follow up grant will provide funds for outreach and education. The audience consisted of the Town Manager, members of the Town Council, Conservation Commission, Economic Development Agency, and the Chairperson of the Planning and Zoning Commission. The press was also present.

Upon completion of her presentation, Dr. Fielding opened the floor to questions and provided answers and additional information to the audience.
