

Veteran Sections at West Cemetery

We are proud to inform the public that we have relocated the Veteran Sections at the West Cemetery. It is now located surrounding the Veteran Monument and Flag. We have 53 graves for sale that a flat "flush" marker (supplied by the National Cemetery Department of Veterans Affairs) can be placed. Form 40-1330 and a request for reimbursement from CT Department of Veterans Affairs is completed by the Funeral Home after the burial. Upon receipt of the flush marker and a Certificate of Installations, the Cemetery will place a foundation and the flush marker.

Any questions, please contact the office at 860-747-2314.
