

TOWN OF PLAINVILLE
SHUTTLE MEADOW PUMP STATION REHABILITATION
PLAINVILLE, CONNECTICUT
ADVERTISEMENT FOR BIDS

Sealed Bids for the construction of the “Town of Plainville, Shuttle Meadow Pump Station Rehabilitation – Project Number 2024-05” will be received by the Town Manager at Town Hall, Town Manager’s Office, Plainville, CT until 11:00 a.m. local time on November 29, 2023 at which time the Bids received will be publicly opened and read. Sealed Bids must have outer envelope marked as “Town of Plainville, Shuttle Meadow Pump Station Rehabilitation – Project Number 2024-05.”

The major work consists of replacement of the existing pumps and motors with submersible style pumps, mixers, instrumentation, equipment, piping, valves within a new precast wet well and valve vault. It also includes replacement of the existing control and generator building with a new pre-engineered and fabricated electrical building and all new electrical, pump controls, instrumentation, generator, and new VFDs. There are modifications to the existing wet well and targeted demolition of existing components and site work. Bids shall be on a lump sum and unit price basis as indicated in the Bid Form.

Bidding Documents may be obtained electronically from the Tighe & Bond website at: http://www.tighebond.com/Projects_Out_to_Bid.php

Prospective bidders must complete a one-time registration process on the web site in order to receive log-in credentials. Bidders must log in to the web site to download bidding documents for the project. Bidders will be added to the “planholders” or prospective bidders list upon downloading the bidding documents for the project. Bidding documents will not otherwise be available for examination at other locations.

Any contract or contracts awarded under this invitation for bids are expected to be funded in part by the State of Connecticut (Department of Energy and Environmental Protection). Neither the State of Connecticut nor any of its departments, agencies, or employees is or will be a party to this invitation for bids or any resulting contract. This procurement will be subject to the requirements contained in Section 22a-482-4 (h), (j), and (o) of the regulations of Connecticut State Agencies, which are included as an attachment to Section 00800, Supplementary Conditions.

Disadvantaged Business Enterprise (DBE) goals are applicable to the total dollars paid to the construction contract. The goals imposed by the Connecticut DEEP for this project are a minimum of **3.00 percent for Minority Business Enterprise (MBE) participation and 5.00 percent for Women’s Business Enterprise (WBE) participation** by certified DBEs. The bidder shall submit the required DEEP acknowledgement form, which is provided in the Bid documents, with their bid. Failure to comply with the requirements of this paragraph may be deemed to render a proposal non-responsive.

A bid deposit shall be furnished in accordance with the Instructions to Bidders.

Bidders shall be Department of Administrative Services (DAS) pre-qualified under the category of “Water Treatment Plants”. Bidders are advised that both the DAS Prequalification Certificate and Update (Bid) Statement must accompany the Bid proposal for projects estimated to exceed \$500,000 under C.G.S. 4b-91 as amended. Failure to supply these forms with the Bid will result in rejection of the Bid.

The time period for holding Bids is 120 days, Saturdays, Sundays and legal holidays excluded, after opening of Bids.

Minimum Wage Rates as determined by the Connecticut Department of Labor under the provision of the Connecticut General Statutes, Title 31, §53, latest revision (the "Act") apply to this project. It is the responsibility of the Contractor, before Bid opening, to request if necessary, any additional information on Minimum Wage Rates for those trades people who may be employed for the proposed Work under this Contract.

This project is partially funded by a loan from the State Revolving Fund loan program. Section 00800 contains the funding program construction contract requirements, all of which shall be applicable to this Contract.

The project is subject to the American Iron and Steel (AIS) requirement of Section 436 of Public Law (P.L.) 113-76, Consolidated Appropriations Act, 2014, which requires that all of the iron and steel products used in the project are produced in the United States. Section 00800 contains further information on applicable iron and steel products and compliance.

A non-mandatory, encouraged pre-Bid conference will be held at the site on November 2, 2023 at 10:00 AM.
